### Conclusion:

All good things come from God and to him our gratitude is directed. May he preserve this college and guide it towards the heights desired by the founder of the Nitte Education Trust the Justice K.S.Hegde and Dr. Nitte Shankara Adyanthaya after whom the college is named.

Firstly, I must thank the parents for their unconditional support and encouragement in all our activities and programs.

We are blessed with students who respond well to our ideas and programs. Our students, both past and present, have together given us immense strength and inspiration. The students also deserve great appreciation as they have joined with us wholeheartedly to build up the name and fame of our college. I feel happy when my bright and talented students perform remarkably well both in academic and co-academic activities. However, what makes me happier is that when students from rural background progress steadily to perform better, marching and moving towards excellence. I am very sure through collaborative effort we can achieve more to benefit our students who are the future leaders of tomorrow.

Our Alumni are spread all over the world today, but they keep in touch with their alma mater. We appreciate their love. They are, undoubtedly, our most loyal ambassadors.

We, the Principal, staff members, and students of the college thank our benevolent President Sri. N. Vinaya Hegde, Correspondent Sri. Vishal Hedge, and other trustees of the college for their continued support and guidance.

We thank Sri.Yogeesh Hedge, Registrar of the campus, Principals and Staff members of our sister institutions, Resident Engineer and his staff members for their whole-hearted support.

Finally, I would like to place on record my appreciation for the dedicated service of my colleagues and co-operation from the students. I am thankful to each of them.

Dr. Veena Kumari B.K.
